Notice to Taxpayers.

Notice is hereby given that the Board of Equalization will meet at the office of the County Judge, at Toledo, Oregon, on Monday the 19th day of October, 1908, for the purpose of examining and correcting the 1908 assessment rolls. The law requires that all petitions or applicants for the reduction of a particular assessment shall be made in writing, verified by the oath of the applicant or his attorney, and must be filed with the Board during the FIRST WEEK IT IS BY LAW REQUIRED TO BE IN SESSION, and any petition or application not so made, verified, and filed shall not be considered or acted upon by the Board, and notice is hereby given to each and every taxpayer assessed upon said rolls, that if he fails to appear before said Board, or files with said Board a verified petition, during the first week of its session, he will be unable to obtain relief before the County Court, as the Court will hereafter absolutely refuse to allow any rebate of any taxes paid upon the 1908 tax rolls, for the reason that the law makes the Board of Equalization the proper authority for correcting said rolls.

MRS. E. OFSTEDAHL.

She will arrange to return to Hammond in about two weeks, Prof. Bethers having concluded to remain there and teach this winter. It was Mr. Bethers intention when he went to stay only a couple of weeks, but a raise in the salary by the school board proved inducement enough that he will remain.

Children Must go to School.

Parents are liable to arrest and punishment by fine and imprisonment if they do not send their children to school throughout the school year. The law was changed by the last Legislature, and many do not know that it is much more drastic than it was formerly.

Parents, guardians and others having control of children are charged with the duty of sending every child between the ages of 6 and 14, and all between 14 and 16 who are not regularly engaged in some useful employment, to school. Children who are physically unfit must exhibit to the truant officer a certificate of a competent physician.

The penalty imposed on parents for neglecting to send their children to school is a fine of \$5 to \$25; 2 to 10 days in the city or county jail, or both fine and jail sentence.

Teachers, principals, and all school officers are charged by the new law under penalty of a fine, with reporting to the truant officer all information they have regarding any violation of the school law, and all cases of children who do not attend school. Teachers who fail to obey the law in these respects may be fined from \$5 to \$20 for each offense.

To Extend C. & E.

Armed with maps, plats and voluminous blue prints, F. A. Rucker and J. B. Pope, contractors and engineers of the Southern Pacific railroad, left Wednesday, morning on a special train over the Corvallis & Eastern for Detroit. They were accompanied by Mr. Walsh of the C. & E. They intend to go over the projected route of the C. & E. across the mountains and carefully inspect the line. The survey recently completed by the party of engineers over the projected route will again be carefully gone over and further details of the route planned.

While Messrs. Rucker and Pope were reticent as to their exact plans they intimated that a force of men would follow them to the end of the line within a few days and some construction work done. They refused to say whether they knew that the work of extending the line eastward would commence at once or later. From the remarks, however, which they made it is assumed that some construction work at least will be done before winter sets in. It is believed that early in the spring active extension operations from Detroit eastward will start.

That the Southern Pacific officials have definitely decided to choose the C. & E. route is now a certainty, according to the statement of an official this morning in a position to know.—Albany Herald.

Dr. J. H. Irvine was shot and instantly killed at Tallman, Linn county, Tuesday morning. His son's version of the affair is that himself and father had returned from hunting the previous evening, the elder Irvine throwing his gun in the wagon on some sacks in the barn, other sacks being thrown over it. This fact was then unknown to the boy, and when they went to the barn Tuesday morning he pulled some of the sacks from the wagon bed, thereby discharging the gun, the bullet going through his father's heart, causing instant death. The victim is the man who while acting as deputy sheriff shot and killed Linn Bowers, a well known character, at Albany in the early 70's.
